

## NOTICE OF PUBLIC MEETING

### To be held by Canadian Solar Solutions Inc. & UC Solar Ltd. regarding a Proposal to Engage in a Renewable Energy Project

**Project Name:** 2176047 Solar Energy Project

**Project Applicant:** Canadian Solar Solutions Inc. & UC Solar Ltd.

**Project Location:** The Project is located on Centennial Road, City of Brockville, and County Rd. 6, Township of Elizabethtown-Kitley

**Dated at the Township of Elizabethtown-Kitley and the City of Brockville this the 28th day of May 2011**

UC Solar Ltd. in partnership with Canadian Solar Solutions Inc. is planning to engage in a renewable energy Project in respect of which the issuance of a renewable energy approval is required. The proposal to engage in this Project and the Project itself is subject to the provisions of the Environmental Protection Act (Act) Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with section 15 of the Regulation prior to applications being submitted and assessed for completeness by the Ministry of Environment.

This Public Meeting is being held to provide information on the Project. The Meeting will be an Open House format.

**Public Meeting Location:**

**Date:** Thursday, July 28, 2011

**Time:** 6:00 pm to 8:30 pm

**Place:** Spring Valley Community Centre, County Road 29, Spring Valley, ON

**Project Description:**

Pursuant to the Act and Regulation, the facility, in respect of which this Project is to be engaged in, is a Class 3 Solar Facility. If approved, this facility would have a total maximum name plate capacity of 10 MW. The project location is described in the map below.

**Documents for Public Inspection:**

The Draft Project Description Report, titled Canadian Solar Solutions Inc. & UC Solar Ltd. 2176047 Solar Energy Project - Project Description Report, describes the Project as a solar electric generating facility that will utilize photovoltaic (PV) panels installed on fixed racking structures. DC electricity generated from the PV panels is converted to AC electricity by an inverter. The voltage level of the AC electricity produced by the inverter is stepped-up to distribution level voltages by a series of transformers. A written copy of the Draft Project Description Report was made available for public inspection on May 28, 2011, at the City of Brockville, Township of Elizabethtown-Kitley, and United Counties of Leeds and Grenville municipal offices, or [www.canadian-solar.ca/press/projects](http://www.canadian-solar.ca/press/projects).

Further, the applicant has obtained or prepared, as the case may be, other supporting documents in order to comply with the requirements of the Act and Regulation. Written copies of the draft supporting documents will be made available for public inspection on May 28, 2011, at your local municipal office or [www.canadian-solar.ca/press/projects](http://www.canadian-solar.ca/press/projects).

**Project Contacts and Information:**
