

NOTICE OF A PROPOSAL

By UC Solar Ltd. to Engage in a Renewable Energy Project

AND NOTICE OF PUBLIC MEETING

Project Name: 2176047 Solar Project

Project Applicant: UC Solar Ltd.

Project Location: The Project is located on Centennial Road, City of Brockville, and County Rd. 6, Township of Elizabethtown-Kitley

Project Name: 2176050 Solar Project

Project Applicant: UC Solar Ltd.

Project Location: The Project is located on County Road 29, near Spring Valley, Township of Elizabethtown-Kitley

Dated at the Township of Elizabethtown-Kitley this the 14 of August 2010

UC Solar Ltd. in partnership with Canadian Solar Solutions Inc. is planning to engage in two renewable energy projects for which the issuance of separate renewable energy approvals is required. The proposal to engage in these projects and the projects themselves are subject to the provisions of the Environmental Protection Act (Act) Part V.O.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with section 15 of the Regulation prior to applications being submitted and assessed for completeness by the Ministry of Environment.

This first Public Meeting is being held to provide initial information on the proposed projects. The meeting will be an open house format. You are welcome to attend at anytime during the hours indicated below. A second Public Meeting will be held in late 2010 to provide more detailed information on the proposed projects.

Public Meeting Location:

Date: September 16, 2010

Time: 6:00 pm to 8:30 pm

Place: Spring Valley Community Hall, County Road 29, Spring Valley

Project Description:

Pursuant to the Act and Regulation, the facilities, in respect of which these projects are to be engaged in, are a Class 3 Solar Facilities. If approved, the facilities would each have a total maximum name plate capacity of 10 MW (2176047) and 9 MW (2176050). The project locations are illustrated in the maps to the right.

The Draft Project Description Reports titled *Project Description Report 2176047 Proposed Solar Photovoltaic Project* and *Project Description Report 2176050 Proposed Solar Photovoltaic Project* describes the projects as a solar electric generating facilities that will utilize photovoltaic (PV) panels installed on fixed racking structures. DC electricity generated from the PV panels is converted to AC electricity by an inverter. The voltage level of the AC electricity produced by the inverter is stepped-up to distribution level voltages by a series of transformers.

A written copy of the Draft Project Description Reports are available for public inspection at the local municipal offices of the Township of Elizabethtown-Kitley, 6544 New Dublin Road, Addison and City of Brockville, 1 King St. West, Brockville and on-line at www.ucsolar.com.
