

# NOTICE OF PUBLIC MEETING

## To be held by Canadian Solar Solutions Inc. & Saturn Power Inc. regarding a Proposal to Engage in a Renewable Energy Project

**Project Name:** William Rutley Solar Park

**Project Applicant:** Canadian Solar Solutions Inc. & Saturn Power Inc.

**Project Location:** The Project is located on Colonial Drive, near Ingleside in the Township of South Stormont.

**Dated at the Township of South Stormont this the 30th day of July 2011**

Canadian Solar Solutions Inc. in partnership with Saturn Power Inc. is planning to engage in a renewable energy Project in respect of which the issuance of a renewable energy approval is required. The proposal to engage in this Project and the Project itself is subject to the provisions of the Environmental Protection Act (Act) Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with section 15 of the Regulation prior to applications being submitted and assessed for completeness by the Ministry of Environment.

This Public Meeting is being held to provide information on the Project. The Meeting will be an Open House format. You are welcome to attend at any time during the hours indicated below.

**Public Meeting Location:**

**Date:** Tuesday, October 4, 2011

**Time:** 6:00 pm to 8:30 pm

**Place:** Senior Support Centre, 12 Memorial Square, Ingleside, ON

**Project Description:**

Pursuant to the Act and Regulation, the facility, in respect of which this Project is to be engaged in, is a Class 3 Solar Facility. If approved, this facility would have a total maximum name plate capacity of 10 MW. The project location is described in the map below.

**Documents for Public Inspection:**

The Draft Project Description Report, titled Canadian Solar Solutions Inc. & Saturn Power Inc. William Rutley Solar Park Project - Project Description Report, describes the Project as a solar electric generating facility that will utilize photovoltaic (PV) panels installed on fixed racking structures. DC electricity generated from the PV panels is converted to AC electricity by inverters. The voltage level of the AC electricity produced by the inverter is stepped-up to distribution level voltages by a series of transformers. A written copy of the Draft Project Description Report was made available for public inspection on July 30, 2011, at the local municipal offices of the Township of South Stormont, 2 Mille Roches Road, Long Sault, and the United Counties of Stormont, Dundas and Glengarry, 26 Pitt St. Suite 323, Cornwall and online at [www.canadian-solar.ca/press/projects](http://www.canadian-solar.ca/press/projects).

Further, the applicant has obtained or prepared, as the case may be, other supporting documents in order to comply with the requirements of the Act and Regulation. Written copies of the draft supporting documents were made available for public inspection on July 30, 2011 at the local municipal offices and at [www.canadian-solar.ca/press/projects](http://www.canadian-solar.ca/press/projects).

**Project Contacts and Information:**

To learn more about the project, public meetings or to communicate concerns, please contact:

**Paul Holmes**, P. Eng., Project Coordinator, Hatch Ltd.

2800 Speakman Drive, Mississauga, ON, L5K 2R7
